Pam Griffin Retires from Hackney after 35 Years of Service

Washington, NC, February 3, 2020 – Pam Griffin, Customer Service Representative at Hackney, retired January 31, 2020 after 35 years of service. Griffin had been with Hackney since 1984 where she has held various positions until ultimately handling national accounts and beverage sales.

“I have loved working at Hackney. It has always been a second home for me because of the people, customers, and warm and friendly atmosphere. From the first day that I came to Hackney, they had my nameplate on my desk and my very own badge to wear and I felt that I had found home. After 35 years, almost 36, it has been a great ride and I look forward to my new experiences in retirement”, Griffin said.

In retirement, Pam plans to enjoy her river home, gardening, and helping on the family farm.
